

StormReady® Supporters

If ★ is your school, business or venue:
What weather hazard is imminent?
How do you react?
What do you do after the storm?

Schools, Businesses, Hospitals, Venues!
Let us help you become better prepared
when severe weather threatens!

www.stormready.noaa.gov

**Partner with your NWS office and
become a StormReady® Supporter.**

The Nassau County Florida Public School District became the first
StormReady® Supporter School District in the County in 2009!

Program Goals:

- Enhance weather awareness throughout your infrastructure.
- Refine weather safety protocols
- Schools, businesses, hospitals, and event venues!

Process:

- Contact your NWS office (weather.gov).
- Work with the NWS to satisfy weather preparedness, safety and response guidelines tailored for your organization.
- Once all guidelines are satisfied, the NWS will award you a StormReady® Supporter sign so you can continue to broadcast and promote weather readiness.
